

1.4-Litre Standard Container

3-YEAR WARRANTY

FOR ASCENT[®]
AND VENTURIST[®]
SERIES BLENDERS

PREMIUM Engineering

SELF-DETECT TECHNOLOGY

Vitamix Ascent Series blenders will recognise the containers as they're placed on the motor base and automatically adjust blend settings for their smaller size

DISHWASHER-SAFE

1.4 Litre container with interlock lid is made of BPA-free Eastman Tritan™. The container and lid are both dishwasher-safe (top or bottom rack)

LASER-CUT BLADES

Made of hardened stainless steel to deliver the same quality blends for years to come

3-YEAR WARRANTY

We stand behind the quality of our machines with full warranties, covering all parts, performance, labour, and two-way shipping

Compatible with Vitamix® Ascent® and Venturist® blenders.

PERFECT for small and medium-size blends

1.4-LITRE CONTAINER

The ideal size and shape for blending medium batches for small family meals

TIDY BLENDS

Every angle of the Vitamix container is designed to create our uniquely controlled vortex, folding ingredients back to the blades for faster, smoother blends

LETTING OFF STEAM

The vented lid and lid plug let you bring dishes to hot serving temperatures right in the container, or add ingredients while blending to adjust texture

LEAK PREVENTION

Our containers are designed to prevent leaks from entering the motor base, which is the number one cause of failure in lower-quality blenders
