

Dehydrator with 10 stainless steel trays and timer

Ref.: QDH710

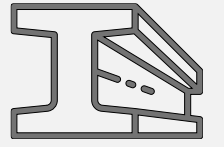

The essential partner for a healthy, vitamin-rich diet

The QDH710 dehydrator offers an innovative alternative for enjoying abundant harvests all year round. It excels at drying **fruit, vegetables, herbs, flowers, meat and fish**, extending their shelf life while preserving essential vitamins and intensifying tastes, textures and flavors.

Main features:

- **Homogeneous heat distribution:** The combination of heating elements and vertical fan ensures uniform drying on all 10 trays.
- **Intuitive controls:** Digital display control panel with temperature guide for easy operation.
- **Timer up to 24 hours:** Total flexibility in the dehydration process.
- **Adjustable temperature (35-75°C):** Variety of preparations with low temperature option (35-45°C) to preserve nutrients and higher temperatures (45-75°C) to vary textures.
- **Modular trays (10 stainless steel trays):** Adjustable to dehydrate food of any size, even allowing bread dough to rise at 45°C.
- **Silicone baking sheet:** Ideal for dehydrating soft or juicy preparations such as crackers, fruit leathers, fruit jellies, etc.
